

# Ben Lee, Home

Well thanks for coming to dinner  
And yeah I'm glad were friends  
But honestly I'm not ready  
For this evening to end  
It's only 10 o'clock  
And I don't feel much tired at all  
When I get a taste of something  
I always want some more

I'm tired of being alone  
I want to take you home  
You stole my heart  
I should have known  
I want to take you home

So how about a cup of coffee  
Or we could get a snack  
Or if you're heading uptown  
Maybe we could share a cab  
I don't wanna be rude  
Don't mean to be obscene  
It's just that I feel so much better  
When you're next to me

I'm tired of being alone  
I want to take you home  
It started big  
The feeling's grown  
I want to take you home

And I could live without you  
I could live without you  
I could live without you  
I just don't want to

I'm tired of being alone  
I want to take you home  
You stole my heart  
I should have known  
I want to take you home  
I'm tired of being alone  
I want to take you home  
It started big  
The feeling's grown  
I want to take you home
