

# Ben Lee, Run

i feel you in the sidetrack,  
im reachin out for contact,  
i keep you on my mind.

and are you close to breakin,  
im sorry if youre achin,  
but i dont want to hide.

i feel you're somewhere downtown,  
i hear you in the low sounds,  
i bleed until im cut.

and im still thinkin of you,  
i promise i can love you,  
if you can keep it up.

run if you want me,  
youre movin too slow,  
run if you want me, whoa-oh  
run if you want me,  
youre movin too slow,  
run if you want me, whoa-oh

the secret that im keepin,  
the moment that im reachin,  
the image on my mind.

i feel you in the outback,  
im holdin out for contact,  
but youre so far behind.

run if you want me,  
youre movin too slow,  
run if you want me, whoa-oh  
run if you want me,  
youre movin too slow,  
run if you want me, whoa-oh

wake up, jump start  
(your name across my heart)  
someone dragged mine  
(until the finish line)  
slow burn, u-turn  
(still life, a lesson learned)  
fun, damage done  
(if you want me you gotta...)

run if you want me,  
youre movin too slow,  
run if you want me, whoa-oh  
run if you want me,  
youre movin too slow,  
run if you want me, whoa-oh

run if you want me,  
youre movin too slow,  
run if you want me, whoa-oh  
run if you want me,  
youre movin too slow,  
run if you want me, whoa-oh
