

Ben Lummis, Easier To Love

Verse 1

I woke up early
And I can't see the light
My back is broke but
It's been a long and lonely night

So what if I'm a fool for even tryin
To right the wrongs when all we had
Is dyin

Chorus

It's easier to leave
Not to face the pain
With everything to lose
Nothing left to gain

Broken

Empty promises you made
Token
Empty gestures that you gave

I'm reelin'
I'm reelin'

Verse 2

Like moving shadows
We danced around remains
Burning ambers
Where once there was a flame

So what if I'm a fool for even tryin
To right the wrongs when all we had is dyin

Chorus

It's easier to leave
Not to face the pain
With everything to lose
Nothing left to gain

Broken

Empty promises you made
Token
Empty gestures that you gave

I'm reelin'
I'm reelin'

Bridge

Oh oh oh
Oooh

So what if I'm a fool for even tryin
To right the wrongs when all we had is dyin

Chorus

It's easier to leave
Not to face the pain
With everything to lose
Nothing left to gain

Broken

Empty promises you made
Token
Empty gestures that you gave

I'm reelin'
I'm reelin'
Reelin'
