

# Ben Lummis, Only One Road

I'm looking back through the years  
Down this highway, memories they all lead up to this one day  
And many dreams lost along the way  
Haunt me still I guess they always will  
When love was too much to bear  
I just left it there

Here I stand face to face with this heart of mine

Living without you my only fall behind  
We had a love most people never find  
All this time I never realised  
and the courage I finally found has made me turn around

Chorus

There is only one road I'm walking  
Only one life time one heart to guide me  
Only one road I'm walking  
But I'm gonna run back I'm gonna run back  
Cause I need you right here beside me

I can still hear the sound of your laughter  
I can still taste the sorrow of your tears  
We said goodbye but our hearts stem the tears  
Now my love there's nothing left to fear  
With all my heart put me through  
It leads me back to you

Chorus

There is only one road I'm walking  
Only one lifetime one heart to guide me  
Only one road I'm walking  
But I'm gonna run back I'm gonna run back  
Cause I need you right here beside me uh

And there is only one road I'm walking  
Only one life time one heart to guide me  
Only one road I'm walking I'm gonna run  
Back I'm gonna run back

Cause baby I need you here beside me

Yeah cause I'm gonna run back I'm gonna run  
Back cause baby I need you here beside me
