

Ben Lummis, They Can't Take That Away

Whatever I give you
You give me back so much more
You give me that something
I never knew I was looking for
Whenever I need you
It's like you read my mind
You're already waiting
Up ahead at the finish line

I Don't know if I'll get there
Cos it could change in 15 minutes
But here I am in the moment
I won't hold back
I'm gonna live it

I Don't know where this is going
Or how hard it's gonna be
You get the stars to prove it
When you wear your heart out on your sleeve
I'm still standing here today
In your eyes I'm still the same
And they can't take that away

I stood at the ocean
Too afraid to swim
You said 'How will you ever know
How far you'll go
If you don't jump in?'
I stared up at a mountain
And it looks so high
But you started pushing me
'til I believed
That I could touch the sky

I Don't know if I'll get there
Cos it could change in 15 minutes
But Here I am in the moment
I won't hold back
I'm gonna live it

You can't say didn't happen
You can't say it isn't true
Cos I'm the one that's going through it
Right in front of you

I Don't know where this is going
Or how hard it's gonna be
You get the scars to prove it
When you wear your heart out on your sleeve
But I'm standing here today
In your eyes I'm still the same
And they can't take that away

I'm still standing here today
In your eyes I'm still the same
And they can't take that away

Can't say if it will happen
Can't say it isn't true
Cause I'm the one that's going through it
Right in front of you

Don't know where this is going
How hard it's gonna be

You get the scars to prove it
When you wear your heart out on your sleeve
I'm still standing here today
In your eyes I'm still the same
And they can't take that away
Oh no, no they can't take that away
