

Ben Macklin, Feel together

Yeah yeah

You go to take all the living

We got to give what we're given

'Cause we're living a lie

{2X}

(Just) Loving you is easy, and it's foreverIt's feels so good when we feel together

Can't deny , I just know it's what you feel inside

Let it go and we'll find a way to hold our love

{2X}

(Just) Loving you is easy, and it's foreverIt's feels so good when we feel together

We got to hold all that we do

You go to take all the living

And so what we get what is true

No breaking down, just take our time

We got to give what we're given

'Cause we're living a lie

Don't know why

You make me turn inside

I found the way to hold our love

And now I know I can't let go

{2X}

(Just) Loving you is easy, and it's foreverIt's feels so good when we feel together

We feel together

We feel together

Loving you is easy

Oh oh and it's forever

We got to hold all that we do

You have to take all the living

And so what we get what is true

No breaking down, just take or time

We got to give what we're given

'Cause we're living a lie

We got to hold all that we do

You go to take all the living

And so what we get what is true

No breaking down, just take or time

We got to give what we're given

'Cause we're living a lie

Loving you is easy, and it's foreverIt's feels so good when we feel together

I said Loving you is easy, and it's foreverIt's feels so good..
