

# Ben's Brother, Rise

What are you thinking?  
Didn't you know?  
Maybe you listened  
But didn't want to let go  
So what were the answers you were hoping to find?  
We're all serving the master, and he's robbing us blind  
But take it from me, hold on, coz it gets so much better  
And you've got to believe you're so close,  
Coz there's more than one way to Heaven  
You've got to

Rise,  
Don't just stand there open your eyes  
Shame shame, shame on you  
You've got to  
Try  
Don't just sit there wasting time  
Shame, shame, shame,  
Shame, shame, shame on you.  
Shame on you.

You didn't get to the party, missed the start of the show  
An emotional virgin, 10 times in a row  
It's all just a wind-up, but I'm starting to learn  
That the sooner you sign up, the quicker the worm turns  
So take it from me, hold on  
Coz it gets so much better  
And you've got to believe, you're so close, and there's  
More than one way to Heaven  
You've got to

Rise,  
Don't just stand there open your eyes  
Shame shame, shame on you  
You've got to  
Try  
Don't just sit there wasting time  
Shame, shame, shame,  
Shame, shame, shame on you.  
Shame on you.

Sin, sin, sin  
That's what they spin, spin, spin,  
But if you don't rise up, now that you can, everyone, woman man and  
child  
On all sides, you've got to

Rise  
Don't just stand there open you eyes  
Shame, shame, shame on you  
You've got to  
Try  
Don't just sit there wasting time  
Shame, shame, shame,  
Shame, shame, shame on you.  
You've got nothing to lose.
