

Benassi Bros., Feel Alive

You can tell
When you are feeling love
And I can tell
That there is something in your eye
Its a tear, its a tear
Falling down
Its a tear, its a tear
Drying out
When you feel...
When you feel...
When you feel alive
Do you feel alive
When you feel alive
Do you feel alive
I can tell
That you are in love
And I know
What that little drop is in your eye
Its a tear, its a tear
Of happiness
No more fear
No no more fear of loneliness
Do you feel
When you feel
When you feel
When you feel
When you feel alive
Do you feel alive
When you feel alive
Do you feel alive
When you feel alive
Do you feel alive
When you feel alive
Do you feel alive
I am burning, with this love
I am burning, is it love
I am burning, with this love
I am burning, is it love
