

# Benassi Bros., Hit My Heart

Are you gonna hit my heart  
Are you gonna leave me once again  
Baby dont you hit my heart  
Are you gonna break my heart  
Are you gonna make me cry again  
Baby dont you break my heart

Hey boy Its not a game  
You are the one to blame  
My love is not your toy  
You better be careful boy

You told a million lies to me  
One day you said goodbye baby  
I gave you one more chance  
So be still be baby
