

# Benediction, Saneless

Obscure oppression, from within  
Controlled behaviour  
Mass suppression in complex systems  
Dictate before the birth  
Chorus :  
Underlying confusion  
Life breaks free  
A mournful expansion  
Saneless Theory  
Those detractors unnatural order  
Erratic recursion of thought  
Irrational change, the aspect of life  
Chaotic order sought  
Chorus  
Regularity / Random  
Fractal complexity  
Witness sterile fluctuation  
Saneless Theory  
Ruling powers assimilate  
Overshadow, subjugate  
No predictions an unfound dream  
Egress reality  
Yet deviations are amplified  
Into chaotic theme  
Enter Chaos !  
Their passionate numbness  
Ascetic credibly  
Hidden in the emerging field of  
Saneless Theory.
