Benefit, Sex Sells

It's so unjust
That we must
Feel inadequasy
Where is your empathy
I feel a misfit
Wearing this kit
Sterotype me
That is my fee

Free
To manipulate
When I stipulate
That's my prerogative
I tell you
Free
To manipulate
When i stipulate
It's going round round
Tell you what i've found

Sex sells
Every night and day
It will be this way
Sex sells
So what you gotta prove
When it's all your life to choose

You play the game Make me tame I have a personality Don't care if it's a fallacy Oh what's the harm Use that charm You gotta show some skin Make sure your be thin Free To manipulate When i stipulate That's my prerogative I tell you Free To manipulate When i stipulate It's going round round Tell you what i've found
