

Benett, Hard To Be You

Wasn't it ever enough
try to laugh at some of the funny stuff
but it's just too hard for you
It must be hard, hard to be you
unhappy and awful
I'm sorry for you
Ain't it hard to be you
chorus.....
In the sun I can see a reflection
how it's shining all around you
It must be strange
never to exchange yourself to any other
when you do you walk away
Ain't it hard to be you
It must be hard
for you when you have
to stand at the sink
and stare at your face
Ain't that hard for you
chorus.....
