

Benjamins, Clover

I can't imagine what you must think
I have more to say than what I'm willing to tell
I have ideas about the way things should be
I have a picture of you that you didn't give me

(chorus)
be careful
it's like taking steps back
be careful
you just might say something

it's getting to me how I waste my time
just like something I've got on my mind
I wanted something
something that would last forever
you wanted more than me
but who could blame you?

(chorus)

I had a dream that I wrote a song for you
and you just sat back and laughed
I can't sleep to save my life
I guess that's what I get for

(chorus)
