

Benjamins, Shine

hey you, let's take a walk
a stroll past mars to the middle of it all
I'm not the boy I used to be
I'm not the kid you used to see
I'm different now and everything's fine
so take me for a little ride
enjoy the night, it's nice outside
tell me all the things I'll never be
make me laugh and make me smile
tell the truth and kind of lie
make me feel alive inside

(chorus)

I just wanna fly again
I wanna shine again
I wanna shine again
I wanna shine

I know you always thought I'd come around
and figure out what I was doing wrong
I'd bet my life you'd be dissapointed
so maybe it wasn't bad to do
you did what you had to do
maybe I'll still see you around
playing with my silly rock band
in some empty room one night
you might find out that you never really knew me
by that time we'll both be someone else
and ou won't know us from the last big thing that never
was a big bang

(chorus)
