

Bennie K, Draculea Cico's Castle

In a dark castle, I see myself dancing
No Death will there. Be beyond eternity
Yo! Step into this B.K. funk. You all ready?
Do you want that? Tell me if you want it bad
Say what you want, then I ma give it to you
Sure you like that? Tell me if you want it now
Say how you want it, then I ma give it to
Do you want that? Tell me if you want it bad
Say what you want, then I ma give it to you
Sure you like that? Tell me if you want it now
Say how you want it, then I ma give it to
Ureta kajitsu wo tabeta daishou ni
He gave me this unsatisfied thirst
Never enough! Never enough! Yoru no yami ni magire afuredasu
How I tried to end this, kousaku suru genjitsu
Here I am so tempted by the taste of your sweet kiss
Gekkou abiukabu rain
Monokuro no sekai there I became a bride.
Oh yes between my thigh, so deep inside of me, I feel your life
No death will there be. Beyond eternity, kansei suru insanity
Kami wo mo somuita sonzai naraba how could I deny?
Do you want that? Tell me if you want it bad
Say what you want, then I ma give it to you
Sure you like that? Tell me if you want it now
Say how you want it, then I ma give it to
Do you want that? Tell me if you want it bad
Say what you want, then I ma give it to you
Sure you like that? Tell me if you want it now
Say how you want it, then I ma give it to
"Say how you want it! Show me your bad habit!
Let your eroticism dance to the rhythm.
Tokei no hari tome Wet dream kairaku ni mi wo makase
Come and free yourself.
Fuck what they say joushiki doutoku subete no shigarami"
That's what he said. Since then I have been changed.
Round and round we go. Underground they know.
Zanshin na oto but it's the same old song.
Don't look back or he will come and get you.
Round and round I go wonderland. He knows kanjin na oto
But it's the same old show.
Don't look back or they'll come and get you.
You know we come and get you.
Do you want that? Tell me if you want it bad
Say what you want, then I ma give it to you
Sure you like that? Tell me if you want it now
Say how you want it, then I ma give it to
Do you want that? Tell me if you want it bad
Say what you want, then I ma give it to you
Sure you like that? Tell me if you want it now
Say how you want it, then I ma give it to
Like a moth flying into flame.
My love made me a slave.
Even though, all are damned.
He is the king of this game.
