

# Benny Benassi ft. Sandy, Illusion

wanna be your illusion, be your illusion  
To make you happy tonight,  
Enjoy this trip with me  
I wanna be your emotion, be your emotion  
Why don't you turn off the light,  
Imagine how we could be leavin  
(Beats)  
Sometimes I won-der why we have no limits  
Everything we do is timed, just find out who we are  
we wont stop playing, the special game of love  
and when we get together the time is running  
I'll be your dream that you'll remember over and over  
If only you tried me, If only you touched me

Chorus:

I wanna be your illusion, be your illusion  
To make you happy tonight,  
Enjoy this trip with me  
I wanna be your emotion, be your emotion  
Why don't you turn off the light,  
Imagine how we could be leavin  
I wanna be your illusion, be your illusion  
To make you happy tonight,  
Enjoy this trip with me  
I wanna be your emotion, be your emotion  
Why don't you turn off the light,  
Imagine how we could be leavin
