

Benny Benassi, Time Is What You Need

Time,
Time,
Time, is what you need
Tell me what your spirit says
Show me what you pray
You can change your face
But you
can't change your mind
No matter what you do
Time,
Time,
Time, this is what you need
You are a prisoner like me
Looking for to be free
You can change your face
But you
can't change your mind
No matter what you do
Time,
Time,
Time, this is what you need
Time, this is what you need
Time to survive
This is what it takes
When you realize
Time is what you need
That is how it feel
When you feel alive
Time,
Time,
Time, this is what you need
