

# BENNY CRISTO, Omega (Eurovision 2021)

Honestly, don't care  
I am happy you're here  
Tryna make you smile for a while now  
I am like:  
Omega, you're beautiful  
Why don't you come over and have it  
Why don't you let me have it

I didn't do a lot of dumb  
Lot of things I wish I didn't do  
Baby, come back, won't you?  
Back, come back, hey  
I am crazy,  
Is it crazy to leave you?  
Baby, come back, won't you?  
Back, come back, hey

You said you're still too mad  
About the thing I did  
But I don't know what I did, baby  
You said you again  
Feel down to blame apocalypse  
There ain't no apocalypse  
Long as you're here on my lips

Honestly, don't care  
I am happy you're here  
Tryna make you smile for a while now  
I am like:  
Omega, you're beautiful  
Why don't you come over and have it  
Why don't you let me have it
