

# Benson Boone, Death Wish Love (From Twisters)

How could something so delicate also be dangerous?  
Kinda afraid of it, darling believe me  
I'm just praying you keep me  
And you look like an angel there, you and your braided hair  
Oh, it's just so unfair you'll never see  
You've got a hold on me  
And it feels like suicide looking into your eyes  
I get so terrified that I'm gonna lose you  
And I'll die if I do

It's a death wish, love  
Take my heart I'll let you spill my blood  
Cut me down again  
I love you and I'll love you to death  
On and on and only you can kill me now  
I'll scream your name until my lungs give out  
Pull me down again  
I love you and I'll love you to death  
Love you for as long as I get

The way that you make me laugh  
Nobody else does that  
You've got the upper hand and if you squeeze  
I would fall to my knees  
And I'll ask the stars at night, how I can slow the time  
God, I'm so terrified that I'm gonna lose you  
And I'll die if I do

It's a death wish, love  
Take my heart I'll let you spill my blood  
Cut me down again  
I love you and I'll love you to death  
On and on and only you can kill me now  
I'll scream your name until my lungs give out  
Pull me down again  
I love you and I'll love you to death  
I'll love you for as long as I get

Oh, I'm gonna love you to death  
Oh, I'm gonna run 'til I wreck  
Go until there's none of me left  
No there's nothing of me left  
Oh, I'm gonna love you to death  
Oh, I'm gonna run 'til I wreck  
Go until there's nothing left

It's a death wish, love  
Take my heart I'll let you spill my blood  
Cut me down again  
I love you and I'll love you to death  
On and on and on  
And only you can kill me now  
I'll scream your name until my lungs give out  
Pull me down again  
I love you and I'll love you to death  
Love you for as long as I get  
Oh, as long as I get
