

Benson Boone, What Do You Want

You felt a subtle breeze
So I ripped away my skin to warm your bones
And you said you don't like secrets
So I told you more than you ever had to know
I thought we had a deal
But now I'm learning that I never had control
What are we doing here?
You got me all dressed up just to stop the show
So please
What do you want from me
I've been dancing on a wire
Now I'm dying on my feet
Oh please
What more can I be?
I can't hold you up much longer
Now I'm breaking at the knees
Tell me
What do you want
What do you want from me
I saw your heavy eyes
So I tucked you in and turned down all the lights
But I was faithful
I was true
And I can't say the same for you
Oh it makes me want to
SCREAM
What do you want from me
I've been dancing on a wire
Now I'm dying on my feet
Oh please
What more can I be?
I can't hold you up much longer
Now I'm breaking at the knees
Tell me
What do you want
What do you want from me
I get this shiver like there's something coming over me
I'm hearing music moving through me like a symphony
Not even Hell could hold me down
Your words mean nothing now
I'm finally free
I'm finally free
I'll take a walk and let the world burn right in front of me
I don't give a damn what's on the news or on the big tv
I only answer to myself
Don't need nobody else
I'm finally free
Oh I'm finally free
I get this shiver like there's something coming over me
I'm hearing music moving through me like a symphony
Not even Hell could hold me down
Your words mean nothing now
I'm finally free
Oh I'm finally free
I'll take a walk and let the world burn right in front of me
I don't give a damn what's on the news or on the big tv
I only answer to myself
Don't need nobody else
I'm finally free
Oh I'm finally free
I get this shiver like there's something coming over me
I'm hearing music moving through me like a symphony
Not even Hell could hold me down
Your words mean nothing now

I'm finally free
