## Benton Falls, Always Behind A Smile

ten years and you're back again but i don't want to go back to this these kids were not my friends high school memories just like a kiss forget how they laughed forget how i cried forget everything forget how i lied to myself just like a kiss and i can't forget how it was just like a kiss and i can't forget my discomfort i'll never forget hiding behind this smile i never intended to let them see me while i was afraid always hiding behind something that something's changing all the time it seems i'm crying about nothing or maybe it's something i kept inside of myself
