

Benton Falls, Coastal

far away
that's where i left you
far away
i wish that i had stayed
far away
how can i get to you
and i follow
from miles behind you
separated by miles
but i will find a way to get there
i hesitated and you smiled
you're on that bus and out of here
and i follow
from miles behind you
just east of texas
that's where i'll be
young child defenseless
don't forget me
