

# Benton Paul, The Devil

Don't tell me I'm not good enough  
I'll be my own judge and  
Don't tell me I won't make the cut  
I'll be passing you up!  
Hear me, I am good enough  
Don't need none of your love  
Here me, I'll turn the volume up  
And sing it loud!  
Sing it loud and reach the crowd  
When I say,  
You'll be lookin' up to me one day, yeah!  
Oh please, you don't have the strength  
I'm here, here to stay  
So don't tell me, I don't have a place  
No matter what you say, I'm on my way!  
You'll see! That's not how to play  
Just leave, before it's too late  
You'll see when I finish up the race,  
I'll sing it loud!  
Sing it loud and reach the crowd  
When I say,  
You'll be lookin' up to me one day, yeah!  
I don't believe in revenge,  
I don't believe it brings an end  
But I do believe in truth  
And the truth is, I come to this  
Every time I need confidence  
I should it out and  
Sing it loud and reach the clouds  
When I say,  
You'll be lookin' up to me one day, yeah!
