

Berlin, Sacred and profane

Rock star, sing my song
Be my brand new toy
You're a Marvel Man
A fallen poster boy
Rock star, sing my song
Make me yours alone
You're the highest high
The lowest of the low
You look down at me
I hear in whispers what you want
Seeing where you go
I follow on the spot
I want to know you I want to know your name
Push me to the wall
I want to know you I want to know you'll stay
I know I'm going to want it all
I want to know you I want to know your name
Sacred and profane
Rock star, sing my song
So close I hear you breathe
I love you Marvel Man
And your obscenity
You look down at me
All wrong, so real
How do you know me
And everything I feel
I want to know you I want to know your name
Push me to the wall
I want to know you I want to know you'll stay
You know I'm gonna want it all
I want to know you I want to know your name
Sacred and profane
I want to know you I want to know your name
Push me to the wall
I want to know you I want to know you'll stay
I think I'm gonna have it all
I want to know you I want to know your name
Sacred and profane
