Rock star, sing my song Be my brand new toy You're a Marvel Man A fallen poster boy Rock star, sing my song Make me yours alone You're the highest high The lowest of the low You look down at me I hear in whispers what you want Seeing where you go I follow on the spot I want to know you I want to know your name Push me to the wall I want to know you I want to know you'll stay I know I'm going to want it all I want to know you I want to know your name Sacred and profane Rock star, sing my song So close I hear you breathe I love you Marvel Man And your obscenity You look down at me All wrong, so real How do you know me And everything I feel I want to know you I want to know your name Push me to the wall I want to know you I want to know you'll stay You know I'm gonna want it all

I think I'm gonna have it all I want to know you I want to know your name

I want to know you I want to know your name Sacred and profane
