

# Bernadette Peters, Falling In Love With Love (Cinderella)

"This isn't about love, its about marriage! Have I thought you girls nothing!"

Stepmother (Bernadette):

Falling in love with love is falling for make believe  
Falling in love with love is playing a fool  
Caring too much is such a juvenile fancy  
Learning to trust is just for children in school

I fell in love with love one night when the moon was full  
I wasn't wise with eyes unable to see  
I fell in love with love with love everlasting  
But love fell out with me

Stepsisters:
