

# Bertine Zetlitz, Kiss Me Harder

Baby makes me bleed  
Honey makes me sweat  
Makes me do all the things that I've forsaken

Baby makes me fly  
Makes me wonder why  
I am abandoned in this sweet intoxication

I'm glad to go  
fast roller coaster slow

(Chorus)  
Baby, baby, kiss me harder  
Baby, baby, make it longer  
Honey, I would let you take me for a ride  
Baby, baby, make me weaker  
Don't you ever make me wiser  
Honey snap your finger I'll be by your side

I will let it slide  
Yeah, I'll let it slide  
I will wave on my way around starvation

Wrapped around your wrist  
That is what I missed  
So remember this crazy elevation

I'm glad to go  
fast roller coaster slow

Chorus

I'm glad to go  
fast, I mean, roller coaster slow

Chorus 2X
