

# Beth, Angel

Today the sun is shining just for me, I don't know why  
But I can feel something inside, there's nothing I will hide  
Everything seems easy, I can play cause I will win it  
There's no doubt about myself, it's me and no one else

But that day, that day is coming around so soon  
I can feel it, that day is coming around so soon

And I'm waiting for my angel, and my angel may be you  
And I'm still waiting for my angel , my man and my savior  
know the time it goes by...another time it goes by....

Suddenly you came into my life just like a sweet surprise  
Trying to find out the best way to play it out

Something in your eyes makes me love you, makes me cry  
But it's just happiness you see, keep on seducing me...

'Cause that day, that day is coming around so soon  
I can feel it that day is coming around so soon....

'Cause I'm waiting for my angel, and my angel may be you  
And I'm still waiting for my angel , my man and my savior  
know the time it goes by...another time it goes by....
