

# Beth Hart, At The Bottom

At the Bottom

[Beth Hart]

Album: 37 Days (2007)

Hold in my breath-not taking a step  
The good church has closed its doors on me  
God don't like my dirty feet

Burnin' the lawn-everyone's gone  
Ain't no BBQ going on today  
I drink my dinner in the shade

[PreChorus:]

Days & days go by  
Children laughin'  
Still I don't smile at all  
Mary's calling to me  
Can't you see what I see  
She would never let me down

[Chorus:]

It's been a long time at the bottom  
I spend a lot of time way down there  
It's been a long time at the bottom  
I don't know how I made it here

Been livin' a lie-my kisses are dry  
I got No where else left to run  
My love is blind deaf and dumb

Heaven can't wait-to lock up the gate  
Tell me that I never could be long  
I had my chance but got it wrong

[PreChorus: Repeat]

[Chorus: Repeat]

Mother Mary stay with me  
Don't let me die  
You're the only god part left of my trash  
God knows I can't change me  
I've tried and tried  
I never meant to make you cry
