Beth Hart, At The Bottom

At the Bottom

[Beth Hart]

Album: 37 Days (2007)

Hold in my breath-not taking a step The good church has closed its doors on me God don't like my dirty feet

Burnin' the lawn-everyone's gone Ain't no BBQ going on today I drink my dinner in the shade

[PreChorus:]

Days & Days go by Children laughin'
Still I don't smile at all Mary's calling to me
Can't you see what I see
She would never let me down

[Chorus:]

It's been a long time at the bottom I spend a lot of time way down there It's been a long time at the bottom I don't know how I made it here

Been livin' a lie-my kisses are dry I got No where else left to run My love is blind deaf and dumb

Heaven can't wait-to lock up the gate Tell me that I never could be long I had my chance but got it wrong

[PreChorus: Repeat]

[Chorus: Repeat]

Mother Mary stay with me
Don't let me die
You're the only god part left of my trash
God knows I can't change me
I've tried and tried
I never meant to make you cry
