

Beth, Lullaby

I am by your side
everything is all right
Don't worry...

'Cause I know we'll be fine
I know we'll sort it out
This time

'Cause I'm here to dry your tears
And I'm here to make you smile
And I'm here to blow your fears away
so good night....

I am by your side
everything is all right
Don't worry...

'Cause I know we'll be fine
I know we'll sort it out
This time

'Cause I'm here to dry your tears
And I'm here to make you smile
And I'm here to blow your fears away
so good night....

Good night....good night.....good night.....
