

# Beth Orton, Daybreaker (Four Tet Remix)

We

Lay on our backs in the grass  
Silently watching the rain clouds  
Move by far too fast  
You said it was a night where  
Anything could happen  
But nothing was gonna last

We're doing fine now  
Yeah we do  
We don't feel sad or bad or blue  
And you know  
We're never defeated  
Or broken inside  
All that is fine  
All that is fine

We

We burn our boats each new year  
Silently watching the flames  
And an old life disappear  
We're burning a new sunrise into  
Yesterday's skies  
An ashen fingerprint  
Melts into the sea

We're doing fine now  
Yeah we do  
We don't feel sad or bad or blue  
And you know  
We're never defeated  
Or broken inside  
All that is fine  
Yeah, all that is fine

We're doing fine now  
Of course we do  
We don't feel sad or bad or blue  
And now you know  
We're never defeated  
Or broken inside  
All that is fine  
All that is fine

Anything to feel  
Anything inside  
Anything
