

Beton (Бетон), Kyiv Calling (official cover version)

Kyiv calling to the faraway towns
Now war is declared and battle come down
Kyiv calling to the whole world
Come out of neutrality, you boys and girls
Kyiv calling, now don't look to us
Phony Putinmania has bitten the dust
Kyiv calling, see we ain't got the planes
So clear our skys stop the rockets of pain
The iron age is coming, the curtain's coming down
Meltdown expected, the wheat is growing thin
Engines stop running, but I have no fear
'Cause Kyiv is rising
We live by resistance
Kyiv calling to the NATO zone
Forget it, brother, we cant go it alone
Kyiv calling to the zombies of death
Quit holding Putin up, and draw another breath
Kyiv calling and I have to shout
But while we were talking, I saw oligarchs slipping out
Kyiv calling, see we cannot retreat
We're already home, so Russia ships fuck you
The iron age is coming, the curtains coming down
Engines stop running, the wheat is growing thin
A nuclear error, we should have real fear
'Cause Kyiv is rising
We live by resistance

The iron age is coming, the curtains coming down
Engines stop running, the wheat is growing thin
A nuclear error, and I have real fear
'Cause Kyiv is rising
We live by resistance
Now get this
Kyiv calling, yes, I was there, too
And you know what Moscow said? Well, none of it was true
Kyiv calling at the top of the dial
And after all this, won't you give me an airforce?
I never felt so much alike, alike, alike, alike
