

Bette Midler, Little Lamb

Louise

Little lamb, little lamb

My birthday is here at last

Little lamb, little lamb

My birthday goes by so fast

Little bear, little bear

You sit on my right

Right there

Little hen, little hen

What game should we play and when?

Little cat, little cat

Oh, why do you look so blue?

Did somebody paint you like that,

Or is your birthday too?

Little fish, little fish

Do you think I'll get my wish?

Little lamb, little lamb

I wonder how old I am

I wonder how old I am

Little lamb
