

Better Than Ezra, Porcelain (Voodoo Mix)

Hey, you've got a lot of nerve to show your face around here.
hey, you've got a lot of nerve to dredge up all my fears.
well, i wish i could shake some sense into you and walk out the door.

but your skin is like porcelain.
yeah, your skin is like porcelain.

just the other day i felt i had you by a string.
just the other day i felt we could be everything.
but now when i see you, you're somebody else.
in somebody's eyes and your skin...

but your skin is like porcelain.
yeah, your skin is like porcelain.

i don't know what i'm saying.
well, i don't know if you're there.
in the words you are feigning.
do you even care?

well i wish i could kill you,
savor the sight.
get in to my car, drive into the night.
then lie as i scream to the heavens above.
that i was the last one you ever loved.
yes, your skin is like porcelain.

but your skin is like porcelain.
yeah, your skin is like porcelain
