Better Than Ezra, Porcelain (Voodoo Mix)

Hey, you've got a lot of nerve to show your face around here. hey, you've got a lot of nerve to dredge up all my fears. well, i wish i could shake some sense into you and walk out the door.

but your skin is like porcelain. yeah, your skin is like porcelain.

just the other day i felt i had you by a string. just the other day i felt we could be everything. but now when i see you, you're somebody else. in somebody's eyes and your skin...

but your skin is like porcelain. yeah, your skin is like porcelain.

i don't know what i'm saying. well, i don't know if you're there. in the words you are feigning. do you even care?

well i wish i could kill you, savor the sight. get in to my car, drive into the night. then lie as i scream to the heavens above. that i was the last one you ever loved. yes, your skin is like porcelain.

but your skin is like porcelain. yeah, your skin is like porcelain
