

Betty Boo, 24 Hours

I always knew
No matter what you say or do
Right by your side I keep you satisfied
Other girls can stare
And try to catch you if they dare
Mondays, Tuesdays
You're always working overtime
But Fridays, Saturdays and, ooh, Sundays
That's when you're all I mine
To help me through the day
Kisses leave me incomplete
That's why don't always hear me say
I need you 24 hours

24 hours

I always knew
No matter what you say or do
Right by your side I keep you satisfied
Other girls can stare
And try to catch you if they dare
Mondays, Tuesdays
You're always working overtime
But Fridays, Saturdays and, ooh, Sundays
That's when you're all I mine
To help me through the day
Kisses leave me incomplete
That's why don't always hear me say
I need you 24 hours

We do everything together, whatever the weather
It's like your hype, yeah, just my type
What good physique, real neat
No others could compete
Not fat, not slim
Never could delete you from my mind
Your loving
That makes me feel so hot inside
Devastating you could be
If you ever left me
Got a guarantee, I'll always be your honey bee

Your love is all I need, Mondays
Tuesdays, Fridays, Saturdays
Yeah, yeah, yeah, to help me through the day
Kisses leave me incomplete
That's why you'll always hear me say
I need you 24 hours

Your love is all I need
Your love is all I need
To help me through the day
To help me through the day
Kisses leave me incomplete
That's why you'll always hear me say
And I need you 24 hours

Your love is all I need, you
To help me through my day
You are my one and all
Kisses, kisses leave me incomplete, kisses
That's why you'll always hear me say
I need you 24 hours
Your love is all I need

Your love is all I need
To help me through
