Do do do do  
do do do do do x2  
i've been around oh yeah  
i've been to hell and back  
this is the sound oh yeah  
the sound when thin ice cracks  
please take me while im young and thin  
you gotta spread my ashes thin  
you gotts spread my ashes thin thin  
we'll skate beneath the stars and sing  
even though the ice was thin  
even though the ice was real thin  
look at yourself oh yeah  
you look a lot like me  
screaming for help oh yeah  
we're from the same family  
so please take me while im young and thin  
you gotta spread my ashes thin  
you gotts spread my ashes thin thin  
we'll skate beneath the stars and sing  
even though the ice was thin  
even though the ice was real thin  
do do do do
