## Beverley Craven, Holding On

I'm losing control of my emotions You've got this hold on my heart I've never known what we are feeling You never took me so far I can't find the words Is this love? Tell me I've found you Is this love? Say that you'll always keep Holding on Keep holding on 'cos your love's got a hold on me Holding on Keep holding on Yeah...

I'm losing my mind dreaming about you Still as you sleep by my side Kiss me awake, whisper good morning Say what you said one more time 'cos I need to know

Is this love? Tell me I've found you Is this love? Say that you'll always keep Holding on Keep holding on 'cos your love's got a hold on me Holding on Keep holding on Yeah...

Is this love? Tell me I've found you Is this love? Say that you'll always keep Holding on Keep holding on 'cos your love's got a hold on me Holding on Keep holding on Yeah...
