

# Beverley Knight, Fatal Factor

Fatal factor x4

I shoulda kept on walking but your body made me take a second look  
Your drama does your talking but I can't deny the fact you got me hooked  
The lie's so good, the truth's so bad, that's you  
It's just so sad I love you like I do

You got that fatal factor,  
You came with a different label  
Fatal factor  
Dangerous to enjoy  
Fatal factor  
I was willing, I was able  
Fatal factor  
I tell my bad, bad boy

I try to fix my senses so I don't succumb but I can't help myself  
Your killer mix of smiles and tricks will someday do real damage to my head  
My friends say that I'm crazy and I'm weak  
But they're just the same, they love that wicked streak

You got that fatal factor,  
You came with a different label  
Fatal factor  
Dangerous to enjoy  
Fatal factor  
I was willing, I was able  
Fatal factor  
I tell my bad, bad boy

You got that fatal factor,  
You came with a different label  
Fatal factor  
Dangerous to enjoy  
Fatal factor  
I was willing, I was able  
Fatal factor  
I tell my bad, bad boy

I don't understand whats up with me but I didn't wanna love so carelessly  
'Cause that devil in your eyes is right with me  
Seducing me, confusing me  
Everybody says what I should know, that I gotta get a grip and let you go  
You see when I come I round I can't say no

You got that fatal factor,  
You came with a different label  
Fatal factor  
Dangerous to enjoy  
Fatal factor  
I was willing, I was able  
Fatal factor  
I tell my bad, bad boy

You got that fatal factor,  
You came with a different label  
Fatal factor
