

Beyoncé, II HANDS II HEAVEN

Bottle in my hand, the whiskey up high
Two hands to Heaven, wild horses run wild, oh
God only knows why, though
Yeah, yeah, yeah, yeah
Rhinestones and diamonds both shine in the light
Two hands to Heaven, my whiskey up high, oh (Oh)
Only God, only God knows why though (Oh, oh, oh)

In the Arizona heat, summer flings on your bedside
Slip into my dreams every night, be the good guy
Who am I to judge, my baby? (Uh-uh)
Who am I to love, my baby? (Uh-uh)
Purple-coloured MINK, sugarcane hittin' them sixteen switches
Candy apple green, candy paint, swirling twenty, 24" spinners (Swirl)
Don't judge me, baby (Ha)
You will never judge me, baby

Bottle in my hand, my whiskey up high
Two hands to Heaven, coyotes run wild, oh (Oh, oh)
God only, God only knows why, though (Why? Why? Why?)
Ten thousand steps toward the time of your life
Two hands to Heaven, my whiskey up high, oh (Oh)
God only, God only knows why, though
Why, though? Why, though?

Two hands to Heaven
I pray priest forgive my soul
Lovely daggers kiss my heart many moons ago
Toxic roses chased by wolves and carnivores
Lost virgins with broken wings that will regrow

I'm a Stallion runnin', no candle in the wind
You won't ever see me comin' or goin' but you'll know whenever I'm here
Dancin' in the moonlight, catchin' every breeze
My feet on the dashboard, now go really fast, boy
Ain't got seats [?], ain't no trouble on my mind (Trouble on my mind)
Send your sweet soul to Las Vegas
Singin', "I will carry on"
Carry on, carry on
Carry on, carry on
Singin', "I will carry on"

Ten thousand steps toward the time of your life
Two hands to Heaven, my whiskey up high, oh (Oh, oh)
God only, God only knows why, though (Why, though? Why?)
Rhinestones and diamonds both shine in the light
Two hands to Heaven, coyotes run wild, oh
God only, God only knows why, though (God only, God only knows why, though)

Two hands to Heaven
I pray priest forgive my soul
Lovely daggers kiss my heart many moons ago
Toxic roses chased by wolves and carnivores
Lost virgins with broken wings that will regrow

Swirl
Baby, I've been waitin' my whole life for you, and I

This the real you, huh
This the real me, huh
I can't do nothin' but envy, huh
Bless, please
Yeah, yeah, yeah
Your love went through me like lava

Throw my fit over these hips
You grip, I grind
And taste this wine, I'ma taste what's mine
'Cause I'ma take what's mine
Wonder whatever, wherever's fine
Like water (Uh)
Wherever you wanna go, that's fine with me
I'll never stop you, you never stop me from bein' whatever we need to be
And in these dark times, I'm so glad that this love is blinding
'Cause all I see is the best of you, and all you see is the best of me
And you bring out the best of me
And all I see is everything
Your goals, your glow, you inner being
And our bigger meaning
So, let's lose us in these sheets (Yeah)
And when I get up to walk, I wanna feel weak, yeah
Look, I ain't goin' far (Ain't goin' far)
So, stay where you are (Stay where you are)
Feel like you partied in Venus and we woke up in Mars (Yeah, yeah)
Yeah, I been waitin' my whole life (Woo)
My whole life
I'm gonna give you the best years of your life (You, and I)
You, and I
Baby, I've been waitin' my whole life for you, and I
