

Bic Runga, Swim

This frame of mind
Young hollow man
Said all I've got to say
Done all I can
Won't even try
Wont even show
Don't tell me things
I don't want to know

CHORUS:

Swim through me
Make me more than whole
Come see what I mean
Make me feel secure

And in these days between when I fall apart
I'd run away but you know I'm not that smart
These strange ideas, I'll see them through
They've been a part of me
And I know that they're a part of you
And

CHORUS TO FADE
