

Bif Naked, Chotee

I was just outta high school
In my first band
And I married my drummer
Our love was grand

I thought it was forever
'Til death do us part
And then he cheated on me
And he broke my heart

Chotee

So young, so confused
What was I to do?
I'm so sorry, Chotee
But I couldn't keep you

I hope you can forgive me
I hope you can forgive me

My baby
My baby
My baby
Chotee yeah, forgive me

Me and him were fightin'
On the road for two years
He never loved me anyway
Still brings me to tears

Chotee

He didn't really want you
'Cause he didn't want me
He didn't wanna be a husband, didn't wanna be a daddy

I hope you can forgive me
I hope you can forgive me

My baby
My baby
My baby
Chotee yeah, forgive me

(Sai Ram...)

My baby
My baby
My baby
My baby

So long, my baby
So long, my baby
So long, my baby
So long, my baby

My baby
My baby
My baby
My baby

So, so long
So long my baby
So, so long

So long my baby
