

Bif Naked, Metal Queen

Metal Queen I've never been
Or a punker chick
Often heard but never seen and dated mostly dicks
Angry white female's a term
You should say for your mothers
I'd be sleeping the whole tour
If I had my brothers
I don't party I'm not down with bull-shit anymore
too many times I came to with the devil at my door
That great word "alternative" applied in 1989
now it's a cop-out catch phrase that covers us like grime
Music will be to you and me
whatever it becomes
Sometimes makes us feel happy and
Sometimes makes us glum
The only thing I have to say and you may think it's bent
But it's all just about emotions up for entertainment
