

Bif Naked, Yeah, You

Now that I've got you alone,
there's something I wanna say.
A secret I have kept awhile.
And it seems right and I feel safe.

[Pre-Chorus]
I know I am right.
I know this is the night.

[Chorus]
Yeah, you; Making me come all undone.
Yeah, you; You have become,
the only one I will ever love.

Now that I've given myself,
is there something that you wanna say?
Without you, I'd be unwell.
And it seems right and I feel safe.

[Pre-Chorus]

[Chorus]
