

Biffy Clyro, Stars and ahites

Id like to be a soldier of war over the sea to you my dear
You always stared at me blankly we said wed always care my dear
Im your soldier youre my soldier
Im your soldier youre my soldier
Id like to see the pain in your eyes like me
Id like to be a soldier of war over the sea near you my dear
You always stared at me blankly we said wed always care my dear
Id like to be a soldier of war over the sea near you my dear
You always stared at me blankly we said wed always care my dear
Now the stars dont shine and the birds dont sing anymore
Its not the same
Now the stars dont shine and the birds dont sing anymore
Its not the same
These are small victories
These are small victories
