

# Biffy Clyro, Unsubtle

Every time I'm thinking of you, everything is great  
You know that I'm looking for some action, it's a shame  
Inside, your head, you're just a dreamer, seen her now, in time, your head away

Every time I'm thinking of you, everything is great  
You know that I'm looking for some action, it's a shame  
Your head, bring him, it's just the way I'm feeling now, in time,  
your head away One good reason, take them all, take them all, take them all!
