

# Big Audio Dynamite, Rush

If I had my time again,  
I would do it all the same,  
And not change a single thing,  
Even when I was to blame,

For the heartache & the pain,  
That I caused throughout my years,  
How I'd love to be your man,  
Through the laughter & the tears,

Situation no win,  
Rush for a change of atmosphere,  
I can't go on so I give in,  
Gotta get myself right outta here,

Now I'm fully grown,  
And I know where it's at,  
Somehow I stay thin,  
While the other guys got fat,

All the chances that I've blown,  
And the times that I've been down,  
I didn't get too high,  
Kept my feet on the ground,

Situation no win,  
Rush for a change of atmosphere,  
I can't go on so I give in,  
Gotta get myself right outta here,

And of all my friends,  
You've been the best to me,  
Soon will be the day,  
When I would pay you handsomely,

Broken hearts are hard to mend,  
I know I've had my share,  
But life just carries on,  
Even when I'm not there,

Situation no win,  
Rush for a change of atmosphere,  
I can't go on so I give in,  
Gotta get myself right outta here,

Situation no win,  
Rush for a change of atmosphere,  
I can't go on so I give in,  
Gotta get myself right outta here,

Gotta get myself right,  
Gotta get myself right,  
Gotta get myself right outta here,

Gotta get myself right,  
Gotta get myself right,  
Gotta get myself right outta here,
