

# Big Bad Voodoo Daddy, You Me And The Bottle

Hey Jack...I know what your thinking. That now's  
as good as any to start drinking. Hey  
Scotty...Yeah...What's it gonna be? A gin &  
tonic sounds might mighty good to me.

Man I know I gotta go it's the same thing every  
time, but I don't think another drinks' gonna  
make me lose my mind. So I think about my  
next drink, and it's you & me and the bottle  
makes 3 tonight.

Well I know this cat named Mo. He wanders to  
and fro. His and my favorite waterin' hole. I said  
hey Mo, "how you doing, where have you  
been?"  
He said, "I've been fine with my whiskey, wine  
and gin."

Man I know I gotta go it's the same thing every  
time, but I don't think another drinks' gonna  
make me lose my mind. So I think about my  
next drink, and it's you & me and the bottle  
makes 3 tonight.
