Big Bang, La la la (english lyrics)

I, I, I, I like the real sh*t
You, you, you, you like the real sh*t?
I, I, I, I like the real sh*t
Me and my crew can only bust with the real sh*t
We, we, we, we like the real sh*t
You, you, you, you like the real sh*t
All my peeps they like the real sh*t
Me and my crew can only bust with the real sh*t
[G-DRAGON]
Rock many styles and never foulin'
All together we are one no doubt and
If your feelin' uncomfortable,
You can exit where you entered, baby, that's for sure
[SOL]
So many wild so many browsin'
Ain't no better, baby, that's no doubt and
If you wanna come and rock a show
You can meet me in the center yo
[Hook]
La la la~ everybody get 'em high
It's the Big to the Bang that's why
And we won't stop - movin' movin'
La la la~ everybody get 'em high
It's the Big to the Bang that's why
And we won't stop - movin' movin' movin'
[V.I.]
Closely, baby was doin' her thang to me
And I was feelin' really quite lovely
I can't let anyone get in the way
[SOL]
She told me I was all the man she ever needs
Ain't no one gonna take her love from me
And I believed everything that she said
[D-LITE]
She told me everything was gonna be fine
Now I'm here and I'm near 'bout to lose my mind
[Hook]
La la la~ everybody get 'em high
It's the Big to the Bang that's why
And we won't stop - movin' movin'
La la la~ everybody get 'em high
It's the Big to the Bang that's why
And we won't stop - movin' movin' movin'
[T.O.P]
Yo, I said move it (move it!) move it (move it!)
We got it going on and we ain't gotta prove it
All you gotta do is get on up and hop into it
The T-O-P is rockin' never stoppin' always down to do it
Do it, do it, I know you wanna just move it around give it a pound
Now tell me what'cha gonna do with it
We be's the Big Bang (Big Bang!) up in here!
[D-LITE]
She told me everything was gonna be fine
Now I'm here, yes I'm here, tell me why
[Hook]
La la la~ everybody get 'em high
It's the Big to the Bang that's why
And we won't stop - movin' movin'
La la la~ everybody get 'em high
It's the Big to the Bang that's why
And we won't stop - movin' movin' movin'
